ABOUT

I'm a full stack web development graduate with an engineering background and experience in Rails and React frameworks, HTML and CSS. In my spare time I love making music. I'm a unique blend of passionate creative and logical problem-solver! My goal is to be involved in software projects that make a positive difference in people's lives.

EDUCATION

Web Development Fast Track

Coder Academy

Graduated 2021

Bachelor of Civil Engineering, Honours

University of South Australia

Graduated 2019

PROJECTS

GigBoard - two-sided Rails marketplace

A marketplace for musicians and venue operators to connect. Built using Rails and Bootstrap. The app allows people to list their gigs and musicians to make offers to play them. Facility to pay a deposit is included.
